PUBLIC HEARINGS

WEED ABATEMENT
847 CHENEY COURT,
LODI

002410
Notice thereof having been published and posted in accordance with law and affidavits of publication and posting being on file in the office of the City Clerk, Mayor Hinchman called for the public hearing to hear all objections to the proposed removal of weeds, rubbish, refuse and dirt on parcel located at 847 Cheney Court, Lodi.

City Clerk Reimche reported that, in checking the records on this particular parcel, it reflected a new property owner since the prior notices and letters were sent and the notice pertaining to this public hearing was sent to the new owner. The new owner, James Roesler, contacted the City Clerk by telephone several days after receiving the notice of hearing indicating that the previous owner had not informed him of the earlier contacts by the City; therefore he had no knowledge of the matter.

Because of the hazardous conditions involved the City had proceeded with the clearing of the subject lot at a cost of \$110.00. The City has now been reimbursed by Mr. Roesler for the cost of clearing the lot. Therefore, it would be in order for the Council to terminate these proceedings.

There were no persons in the audience wishing to speak on the matter and the subject hearing was closed.

On motion of Council Member Pinkerton, Reid second, Council terminated the Weed Abatement Proceedings on the subject parcel.

REPORTS OF THE
CITY MANAGER

REGULAR CALENDAR

PARKING IN VICINITY
OF PACIFIC COAST
PRODUCERS PLANT

cc 48a
us 2

City Manager Peterson addressed the Council advising that, at the regular adjourned City Council meeting of July 24, 1985, the City council held a public hearing to consider the designation of one-way streets in the residential area adjacent to the Pacific Coast Producers cannery on South Stockton Street. In the course of that hearing, the Council received testimony not only in opposition to the designation of one-way streets, but a request for some type of parking regulation that would best serve the interest of the residents of the area. Street parking in this area by cannery workers not only causes considerable inconvenience to the residents of this neighborhood, but also severely affects the normal traffic flow there because of the narrow street widths. Council Member Pinkerton suggested that the area be designated for permit parking only, with permits issued only to residents of the area in accordance with a Council-adopted program. Staff has met on several occasions since that Council meeting in an attempt to bring to the City Council a plan of action to resolve what has been an on-going problem for many years.

City Manager Peterson recommended that the City Council designate that area for permit parking. Violators could either be cited and fined, or towed away. California Vehicle Code Section 22651 provides that violators may be towed away provided such procedure is adopted by ordinance. The City of Lodi has no such provision in place at this time.

It was suggested that enforcement would perhaps best be accomplished on a complaint basis and limited patrolling by police officers and/or parking enforcement assistants.

Continued August 7, 1985

However, the code is quite specific in this area. It provides:

"The Council may designate by ordinance certain residential streets or alleys or any portion thereof as a preferential parking zone for the benefit of residents adjacent thereto in which zone vehicles displaying a permit or other authorized indicia may be exempt from parking prohibitions or restrictions otherwise posted, marked or noticed".

City Manager Peterson suggested that it would seem prudent that prior to the adoption of an ordinance to establish permit parking, that a public hearing be held on the subject. It was also suggested that the proposed preferential parking policy which was developed by the Public Works Director several years ago be reviewed.

Mr. Peterson expressed his concern regarding the amount of time required for this process and the fact that it will take us well beyond this years canning season but indicated that he feels the citizens will be appreciative of the fact that the problem does not lend itself to a quick and easy solution but by taking this more deliberate route not only will provide the Council with maximum public input, but may save us from having to later undo or redo an action which would only confuse all involved.

Following discussion, with questions being directed to Staff, Council, on motion of Council Member Pinkerton, Snider second, directed that this matter be placed on the agenda for the Informal Informational Meeting of August 27, 1985 and set the matter for Public Hearing for the Regular Council Meeting of September 4, 1985.

DESIGNATION OF
VOTING DELEGATE
AND ALTERNATE
FOR LEAGUE OF

ANNUAL CONFERENCE

Following introduction of the matter Council, on motion of Council Member Snider, Olson second, designated Mayor Hinchman as the Voting Delegate and Mayor Pro Tempore Reid as the Voting Alternate for the League of California Cities Annual Conference to be held in San Francisco October 6 - 9, 1985.

LIABILITY
INSURANCE
COVERAGE

Assistant City Manager Glenn reminded the Council that in February, the City of Lodi was only able to obtain \$10,000,000 of liability insurance of the \$20,000,000 we had carried previously. The City's Agent of Record has been trying since that time to obtain the additional layer of insurance and has now received a quotation for an additional \$10,000,000 of insurance.

On motion of Council Member Snider, Olson second, Council authorized the purchase of an additional layer of \$10,000,000 liability insurance at an annual premium of \$26,256, which will be prorated to February 2, 1986 which coincides with the renewal date of the basic policy.

San Antonio because of its burdensome, costly and unconstitutional impact on municipalities.

NOVEMBER 5, 1985
SPECIAL ELECTION
UPDATE

City Clerk Reimche presented a proposed agreement with San Joaquin County for the conduct of the November 5, 1985 Special Election. This agreement provides that if the Lodi Unified School District and the Delta Community College District do not have contests for this elections the County will charge the City of Lodi \$1.60 per registered voter for conducting the election. According to the latest report submitted to the Secretary of State there are 20,588 registered voters in the City of Lodi, therefore, the estimated cost to the City of Lodi would be approximately \$33,000 for this election.

City Clerk Reimche pointed out that the 1984 General Municipal Election which was conducted by the City Clerk cost approximately \$14,300.

The agreement further provides that if either the Lodi Unified School District or the Delta Community College District have contests, the County will charge the City of Lodi no more than \$.85 per registered voter.

Discussion followed with questions regarding the matter being directed to the City Clerk.

RES.NO.85-103 On motion of Council Member Pinkerton, Olson second, Council adopted Resolution No. 85-103 directing the City Clerk to conduct the November 5, 1985 Special Election in the City of Lodi if the Lodi Unified School District and the Delta School District do not have contests.

Further, Council deferred action on the proposed agreement until the close of nominations to determine whether or not there will be a need for consolidation.
